Pillars of Community

Show up TOGETHER

Worship TOGETHER

Pray TOGETHER

Study the Word TOGETHER

As Church 3434 grows, it could become easy to slip in and out each weekend and never connect with the people or the heart of our church. God designed us not to live alone but to live in community. Our community groups provide an opportunity to develop authentic relationships outside of our Sunday morning gatherings. When Jesus is the foundation of our relationships we grow together and individually in Him!

Thrive in Community

Show Up Together

Frequency is key in developing authentic community! Commit to meeting twice a month. Meet in homes, have a meal together, meet in a park if the weather is nice! Get creative, but consistency is where the community develops.

Pray Together

Uniting in prayer with other believers is powerful. It's the one of the most important things you can do as a leader and as a group. Set aside time each meeting to hear personal prayers and then designate a prayer person within your group to document and send them out to your group to be praying between meetings. A simple group text chain can be really effective.

Worship Together

Reading a Psalm or singing together is a great way to engage the heart of the Father through worship! Another great way is to put on some live worship music and all worship together. Bethel Worship on Youtube has some great live worship sets from their Sunday morning services.

Study the Word Together

Allow the spirit to lead you when interacting with the Word. We will provide you follow up questions from Pastor Jeff to help stimulate conversation! Once your group is established, walking through a study or book may be a great addition to your spiritual growth. We can help guide you to some great resources!
